

TO: Rolling Hills Country Club Members

DATE: March 31, 2016

Our club is pleased to announce its participation in the Boxgroove.com network. Launched in June 2009, Boxgroove.com is an online golf network that connects serious golfers with private courses across the country.

Designed by private-club members, PGA Golf Professionals and private-club board members, Boxgroove.com works exclusively with private clubs to...

- *Provide country club golfers with broad and flexible club-to-club reciprocal golf opportunities*
- *Provide country clubs with incremental revenue stemming from reciprocal golf play*
- *Promote country club memberships to qualified candidates*
- *All golf privilege members of the club get a complimentary \$49.00 premium membership to Boxgroove for as long as the club is a Boxgroove affiliate*

As a participating Boxgroove club, Rolling Hill's members now can schedule tee times at private clubs across Boxgroove's network. To date, Boxgroove.com has partnered with over 1000+ private clubs from 46 states and Canada, with new clubs added each month.

Your participation in Boxgroove.com is entirely optional. Further, you may, at any time, opt out of email correspondence from Boxgroove.com. Likewise, our PGA staff is in complete control over who visits our club, when, frequency, price as well as club affiliation.

We are excited about our participation in the Boxgroove.com network and pleased that we can offer our members new and exciting golf opportunities. If you have any questions or would like additional information regarding Boxgroove.com, please don't hesitate to contact me.

Go to www.boxgroove.com and follow the registration process which takes about 90 seconds.
