PGA Jr. League

WHY PLAY ????? It offers a unique scramble format that encourages teamwork and problem solving. It also takes the pressure off of any one player. It gives your child an opportunity to grow as an athlete and as a person. They will learn responsibility, respect, honesty, and fairness all while learning golf and participating in PGA Jr. League. It is a fun time away from a screen! In an age of technology, PGA Jr. League changes the game when it comes to getting off the screen and outside in nature.

WHERE ????? Traditionally our team plays matches here at Rolling Hills, Country Club of Paducah, Paxton Park, Calvert City, and Benton Country Club. Our goal is to have a minimum of 6 matches. Questions, please contact Kevin.

FROM THE BOARD OF DIRECTORS:

Thank you to all who attended our State of Club meeting on February 17th. It was a great opportunity for us to discuss what is going on with the course, membership, finances and capital projects. A copy of the State of the Club report is available in the clubhouse and on our website. If you missed the presentation, please feel free to review it online under the Members Only section or the next time you are at the club.

Some of the main points that we discussed at the State of the Club were the many improvements and work that has been done to improve our course. A lot of effort is being put in by Kraig, his team and the Golf Course Committee. This work is never ending, and our current weather situation is not helping us; but we believe that we will have a great course to play on come spring.

We also discussed the membership numbers. Unfortunately, we continue to see a decrease in membership year after year. As you may be aware, the majority of the revenue that we use to operate and improve the club comes from membership dues, so we are asking all of you to support the growth of our membership by participating in the membership drive, recruiting others and sharing the benefits of our club to everyone you know.

I also want to mention that we have a Member Pride Project going on now to improve the viewing area near #9 green. Thanks so much for everyone who has already donated to this much needed project. Information about the project is available in the clubhouse and has been communicated via email. Please consider participating in this project and feel free to reach out if you have any questions.

Thank you all for your continued support of our club. If you have any questions or have any suggestions, please let any of us know.
